Saint Nicholas

YACHT

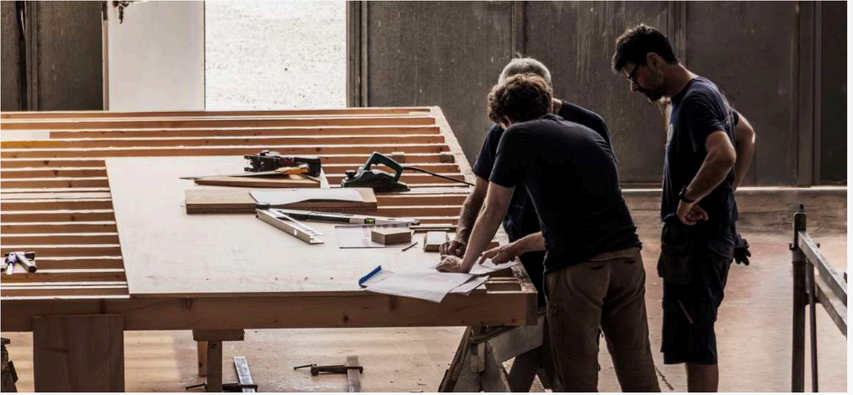
A NAME THAT PROTECTS *BOTH SIDES*

Saint Nicholas protects those who go to sea, sailors and corsairs.

It carries the promise of safe passage and a quiet complicity with anyone who has ever wanted to slip over the water and disappear for a while.



HANDMADE *IN ITALY*

Saint Nicholas Yacht builds a single and unique boat at a time.

Behind our yachts is a small group of people who believe a vessel is the touch of the hand that drew it, the hand that planed the wood, the hand that decided where the seam of a cushion should fall.

The Aquare40 carries the Italian craftsmanship of fine furniture, where every detail shapes a unique piece made to be kept for life.

MODEL

AQUARE40

A first-of-its-kind collection of Italian boats made by hand,
designed to change over time and adapt to each owner's needs.

A NEW WAY OF *LIVING THE SEA*

The Aquare40 begins where the deck ends and the horizon takes over.

A unique terrace overlooking the sea, extending out over the water as a wider lounge area.

Aquare40 adapts to your needs, changing layout depending on the time of the day, the occasion and the season: the same boat, yet it feels like a whole new experience every time you step on board.

EXTERIORS

THE BOW

The bow opens the day:
the first light, the forward view, the quietest
end of the deck when the boat is at anchor.

THE SUN LOUNGE

A generous sun bed, open to the sky, a step from the water.

THE OUTDOOR KITCHEN

An outdoor corner sits on deck, built for cooking in the open air, a place to share the moment with your guests.

Tableware by Alessi.

THE OUTDOOR LOUNGE

The centre of the boat is an outdoor living space: comfortable sofas, low tables and sun, sharing the same uninterrupted terrace.

It gathers the day as the hours turn: morning coffee, an afternoon in the shade, a set table at night.

THE BEACH CLUB

A flight of steps leads down to sea level, whilst an outdoor rain shower with fresh water and brushed bronze taps overlooks the sunset, offering complete privacy on the aft deck.

INTERIORS

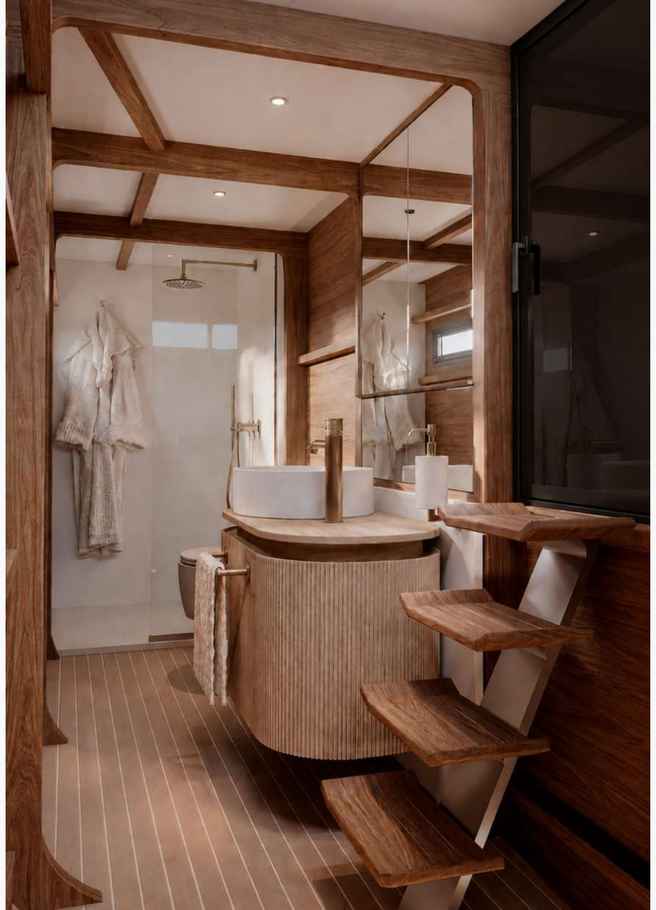
THE MASTER SUITE

A private space spanning
the full beam on the lower deck:
quiet, with soft lighting and
floor-to-ceiling windows that bring
the sea right up next to the bed.

THE PRIVATE SPA

Fluid lines, precious woods and natural light shape the space, with brushed-bronze tapware and a separate open-air shower on deck, creating a desired place for relaxation.

Powered by Gessi.



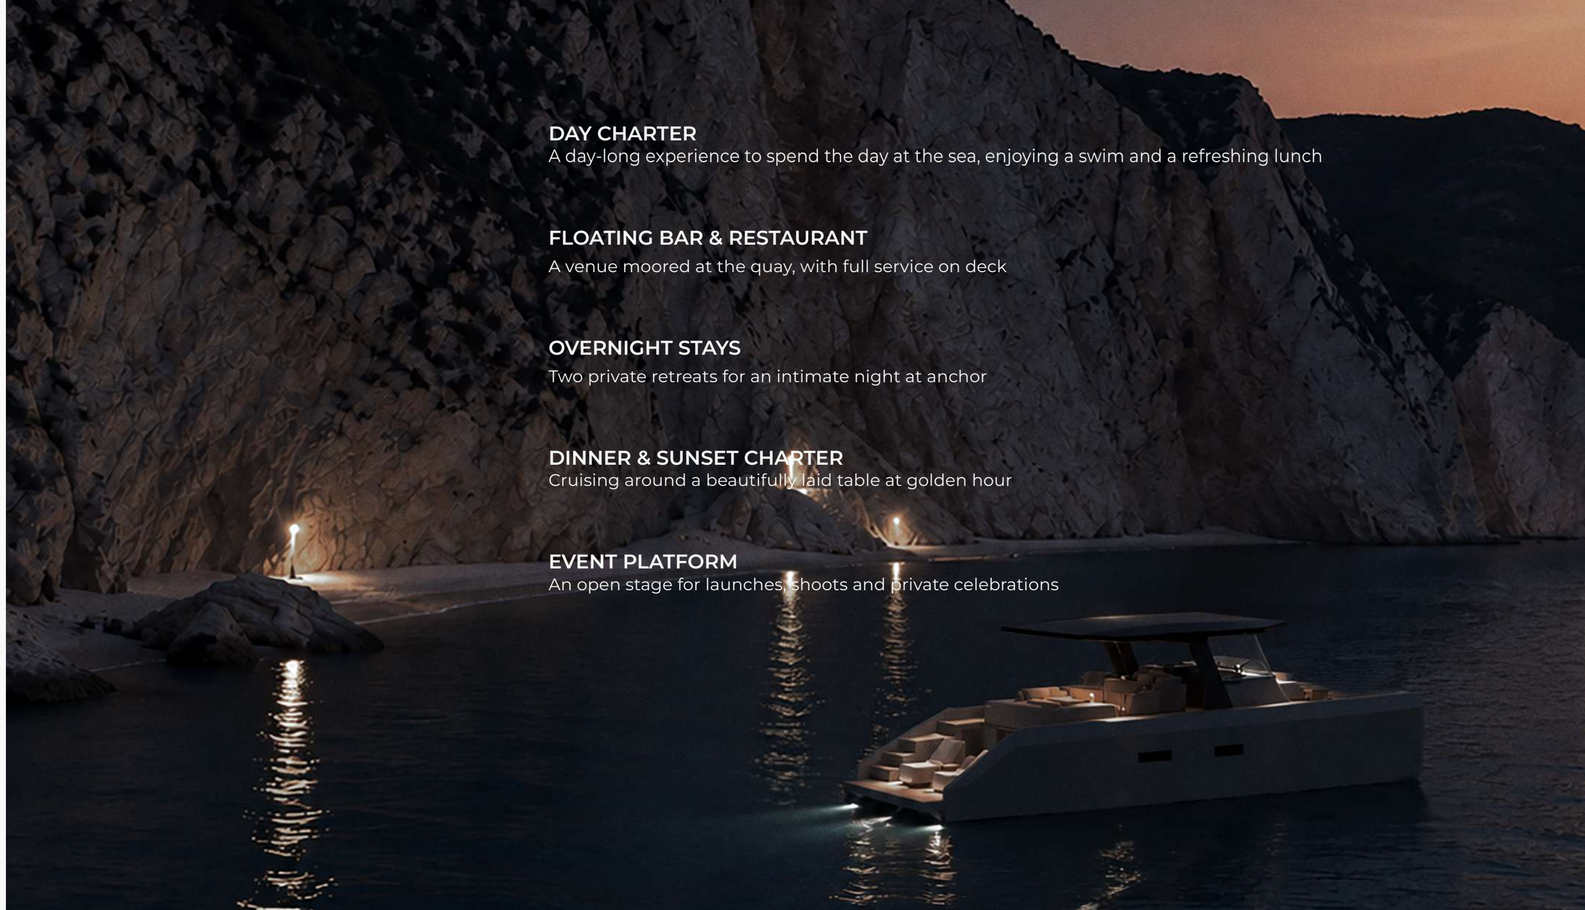
THE CREW SUITE

A second and discreet room below deck, configurable to switch between different uses, for guests or crew: comfortable and completely separate from the master suite.

FROM DAY CHARTER TO *SUNSET RITUALS*

DESIGNED FOR DIFFERENT MOMENTS

Aquare40 adapts to every occasion: a day charter, an event platform, a lunch on the water, each one a complete format, ready to shape the experience you want.



DAY CHARTER
A day-long experience to spend the day at the sea, enjoying a swim and a refreshing lunch

FLOATING BAR & RESTAURANT
A venue moored at the quay, with full service on deck

OVERNIGHT STAYS
Two private retreats for an intimate night at anchor

DINNER & SUNSET CHARTER
Cruising around a beautifully laid table at golden hour

EVENT PLATFORM
An open stage for launches, shoots and private celebrations

AQUARE40

A FORTY-FOOT TERRACE ON THE WATER

A first-of-its-kind collection of Italian handmade boats.

Twelve metres of beam-led architecture built for stability and presence, with a shallow draught allowing access to inlets that deeper-draught vessels cannot reach.
